

Eshan Singh

✉ esingh16@umd.edu 📞 227-259-1592 🌐 github.com/esingh16 🔗 linkedin.com/in/eshan-singh-708752242

Skills

Programming & Databases: Python (Pandas, NumPy, Scikit-learn, TensorFlow, Keras), SQL, Java, JavaScript

Data Science & Analytics: EDA, Feature Engineering, Statistical Analysis, Hypothesis Testing, A/B Testing, Time-Series Analysis

Machine Learning & AI: Supervised & Unsupervised Learning, Classification, Regression, Clustering, Deep Learning, NLP, Explainable AI

Advanced AI & GenAI: RAG, LLMs, LangChain, Agentic AI, Generative AI, Vector Databases, AI Agents, Predictive Analytics

Enterprise Platforms & Integration: Salesforce, ServiceNow, UiPath (RPA), REST/SOAP APIs, ETL Pipelines, Agile/Scrum

Visualization & BI: Tableau, Power BI, Excel (Pivot Tables, Power Query, DAX)

Cloud & Tools: AWS, Azure, Google Cloud, Git/GitHub, Jupyter, Firebase, Android Studio

Work Experience

ServBeyond Solutions

Jun 2025 – Present

Enterprise AI & Platform Intern

Rockville, MD

- Configuring and administering enterprise COTS platforms including Salesforce, ServiceNow, OpenText, AWS, and UiPath, ensuring optimal system performance and alignment with organizational workflows.
- Developing proof-of-concept workflows leveraging Agentic AI and Generative AI models to automate and enhance business processes within existing enterprise platform ecosystems.
- Building and testing REST/SOAP API integrations to enable seamless data flow between core enterprise platforms and external tools, reducing manual handoffs and improving system interoperability.
- Participating in Agile/Scrum ceremonies and collaborating with cross-functional teams to translate business requirements into scalable technical solutions; authoring technical documentation and user guides for internal stakeholders.

University of Maryland, College Park

Mar 2026 – Present

STEM Tutor

College Park, MD

- Tutor veteran Engineering students one-on-one and in group sessions across CS, AI, Data Science, and ML, breaking down advanced concepts into intuitive, applicable frameworks.
- Design targeted study materials and coding exercises tailored to individual learning gaps, consistently improving student performance on exams and project deliverables.

YBI Foundation

Oct 2024 – Jan 2025

Data Science and AIML Engineer Intern

Delhi

- Engineered high-accuracy classification systems using CNN, SVM, and KNN (TensorFlow/Keras), achieving up to 92% accuracy on MNIST while optimizing Deep Learning architectures for speed and generalization.
- Developed a bank churn prediction model using Scikit-learn and Pandas with end-to-end EDA and Feature Engineering, delivering insights that directly informed retention-focused business strategies.

Nexus Info

Dec 2023 – Mar 2024

AI/ML Engineer Intern

Coimbatore

- Architected a real-time NLP chatbot using NLTK and Flask, automating query resolution and enhancing intent recognition and user engagement.
- Built a multi-class medical diagnostic system using Random Forest and XGBoost with Hyperparameter Tuning and Ensemble Learning to improve prediction robustness.

Education

University of Maryland, College Park

Aug 2025 – May 2027

MS in Data Science

GPA: 3.83/4.0

Savitribai Phule Pune University

Nov 2021 – Jun 2025

B.E. in AI & Data Science (Honours in AIML)

GPA: 3.6/4

Project Work

- **ComplaintAI – Fintech Compliance Intelligence (2026):** Won the UMD Agentic AI Challenge for a multi-agent fintech compliance system using Claude AI, FastAPI, and React; automated complaint triage and fairness auditing.
- **AI-Powered Transit-Oriented Development Dashboard (2026):** Won 1st Place at UMD SAC Datathon; built 4 end-to-end ML systems (K-Means, PCA, Monte Carlo, cosine similarity, Haversine) on 28 Maryland datasets; deployed interactive Streamlit app. [Link]
- **Care Compass – Health-Tech Platform (2025):** Awarded 2nd Place at UMD Gemini Hackathon; full-stack platform using React and Node.js with FHIR standards for real-time risk assessment.
- **AI-Based Career Counselling System (2025):** Android app featuring RAG and GPT models with voice-enabled NLP; published at the WRFER National Conference.

Certificates

- **Professional Certifications:** Google Data Analytics, Google AI Essentials, MS & LinkedIn Data Analysis, IBM Python.
